MYSORE STATE LIFE INSURANCE.

Circular No. 23, dated 17th June 1895.

To—The Heads of all Departments.

In inviting attention of the Heads of Departments to this Office Circular No. 16, dated 20th June 1893, undersigned regrets to observe that the monthly statements of new appointments and promotions prescribed in the said circular are not regularly forwarded to this office by many of the Departments; the consequence of which is that officials newly entertained or promoted are generally allowed to put off their insurance until notice is taken by this Office from information gathered from the annual schedules of establishments or otherwise.

2. It is therefore requested that the instructions conveyed in the above circular may be strictly enforced by causing regular submission of the required statements to enable this Office to take immediate action in the matter and thus promptly enforce the Insurance Rules.

3. Proposals from many of the officials who were entertained long ago and subsequent to the introduction of the Insurance Rules are just now being received. This leads to the supposition that there may be still many such officials who have evaded insurance although it is compulsory on them to do it as soon after their entry in service as possible.

4. The Heads of Departments are therefore requested to be so good as to cause once more a thorough enquiry being made and insist upon such officials if any found, submitting their proposals at the earliest possible dates.

E. R. SUBRAYER,
Secy. to the Insurance Committee.
